Disclaimer: This book is based on the information provided by the Divisional Commissioners of various divisions of the state. The compilation of this book is strictly for the purpose of disseminating information and academic development. Although all the efforts have been made to make this information accurate, readers should refer to the source data available with the Municipal Councils/ Nagar Panchayats in case of doubt or further clarity. Maps shown in this book are not to scale and for representation purpose only.

Preface

Historic Amendments (73rd & 74th) to the Constitution of India were made in 1992 in order to provide the rightful place to the Local Self-Governments (LSGs) in the process of Nation Building. These Amendments, besides other things, provide for i) Constitutional status to all the Local Self-Governments in the Country, and ii) Independent State Election Commission in each State for timely conduct of elections in a free, fair and transparent manner.

2. State Election Commission, Maharashtra which was established in 1994 returns more than 2,50,000 people's representatives every 5 years in nearly 28,000 LSGs (27 Municipal Corporations, 228 Municipal Councils, 130 Nagar Panchayats, 34 Zilha Parishads, 351 Panchayat Samitis and 27781 Village Panchayats).

3. With the advancement of economy, urbanisation is increasing all over the Country. Maharashtra today is one of the most urbanised States with nearly 45% of its population staying in the Municipal Corporation, Municipal Council and Nagar Panchayat areas.

4. While conducting elections to these LSGs during 2015-18, a need was felt to have basic information about the various LSGs at one place on the lines of District Gazetteers. This being a herculean task, it was decided after detailed consultation at various levels to initially collect basic statistical information about all the Municipal Corporations, Zilha Parishads & Municipal Councils and publish the same as separate volumes. Gradual improvement could be made later on.

5. State Election Commission, Maharashtra keeping the above in mind, asked the Director, Municipal Administration, Mumbai to prepare formats for collecting the required information after consulting various Chief Officers and experts. I am happy to learn that the information provided by all the Municipal Councils in the finalised formats is now being published by all the Divisional Commissioners separately for their divisions.

6. The information in this book primarily pertains to demographic details, composition of Local Body, infrastructure, development plan & important features of city etc.

7. I am sure this book would be extremely useful not only to the Election Managers but also to the planners of the urban local bodies besides researchers, students and stakeholders.

8. This being the first attempt of its kind, it is possible that some discrepancies and/ or errors might have crept in while publishing this Book. If it is so, the same may be brought to the notice of the concerned Divisional Commissioner so that it could be rectified in future.

9. I take this opportunity to congratulate Shri. Piyush Singh, Divisional Commissioner, Amravati, all the Chief Officers and their staff for making this publication a reality. I wish this book all success.

Shri. J. S. Saharia
State Election Commissioner,
Maharashtra

Foreword

Under the able guidance and direction of Hon'ble State Election Commissioner, Maharashtra, the basic information of all Municipal Councils in the Amravati Division has been compiled for ready reference at one place.

I am pleased to mention the required information was readily provided by all Chief Officers of Municipal Councils in the format prescribed by Directorate of Municipal Administration, and the same has been collected in a short span of time.

I am further happy that this compilation of basic information of all Municipal Councils is being published by SECM for the benefit of various stakeholders of democracy, I am sure this publication would be of extreme use not only during elections but also for area planning. I would like to thank all my regional Municipal Administration staff, Chief Officers, for so painstakingly collecting and compiling this information in a short period of time.

Shri. Piyush Singh
Divisional Commissioner,
Amravati
